ABOUT US

Georgia Indie Book Faire is an independently owned event by a few individuals passionate about bringing independent authors, and publishers together for all ages to discover.

Meeting authors who are independently published provides inspiration to upcoming authors or to provide readers who are looking to discover their new favorite book.

Authors are available to talk to, sign books, and even sit on panels to discuss their books or writing process.

We are so thrilled to bring this community of readers, publishers, and authors together who are Georgia based! All of our events are free and open to the public!

WHY SPONSOR?

GIBF has grown organically as possible without the need of sponsorships or in-kind donations. In order to continue growth and accept more attendees, authors, publishers, and vendors (who are small businesses), .. we realize that we need help.

Some of our staff and volunteers travel to participate in GIBF and we like to compensate for their time and cost as appreciation.
